

<b>Task Background</b>	
<b>Domain &amp; Area:</b> Mathematics - Algebra	
<p><b>Target CCR Standard(s)</b> (including level of standard, if needed) and/or adult diploma competency for Algebra:</p> <p><b>Algebra (MN k-12 Academic Standards:</b> ABE instruction in Levels D and E covering Algebra (Demonstrated competency mastery in all Level D standards and at least one Level E standard in the CCRS for Algebra).</p> <p><b>CCRS Algebra Level D standards</b></p> <ol style="list-style-type: none"> <li>1. Use properties of operations to generate equivalent expressions.</li> <li>2. Solve real-life and mathematical problems using numerical and algebraic expressions and equations.</li> <li>3. Work with radicals and integer exponents.</li> <li>4. Understand the connections between proportional relationships, lines, and linear equations.</li> <li>5. Analyze and solve linear equations and pairs of simultaneous linear equations.</li> <li>6. Define, evaluate, and compare functions.</li> <li>7. Use functions to model relationships between quantities.</li> </ol> <p><b>CCRS Algebra Level E standard</b></p> <ol style="list-style-type: none"> <li>1. <u>Perform arithmetic operations on polynomials.</u> Understand that polynomials form a system analogous to the integers, namely, they are closed under the operations of addition, subtraction, and multiplication; add, subtract, and multiply polynomials.</li> </ol>	
<p><b>Task Description:</b> The purpose of this task is for you to demonstrate knowledge around a fundamental concept in the area of mathematics - Algebra.</p> <p>Follow the directions for the capstone activity carefully. The expectation is that you will complete the activities of this task mostly on your own.</p>	
<b>Activities</b>	
<p><b>Title:</b> Algebra Capstone</p>	<p><b>Directions:</b> Answer all questions completely and show your work.</p> <p><b>Date Completed:</b> _____</p> <p><b>Teacher Initials:</b> _____</p>
