October 5

9:00-10:15am

ELA & Math

[Register](#)

October 12

3:00-4:15pm

[Register](#) - Repeated from Oct 5

presenters: Kristine Kelly & Lindsey Pust

.....

Ask yourself:

.....

Do I remember the math shifts and the standards for mathematical practice, and the difference between them? Do I remember what the three aspects of Rigor are and why they are important?

Do I remember how to measure text complexity, both qualitatively and quantitatively? Do I remember the progression of text dependent questions that is outlined by Fisher and Frey?

Refresh on these topics and more!
